Plastic Free Campus Policy

Purpose: The purpose of this policy is to reduce the use plastics and promote environmental sustainability within Shri Siddheshwar Shikshan Mandal's College of Architecture, Solapur.

Policy Statement: Shri Siddheshwar Shikshan Mandal's College of Architecture, Solapur. is committed to minimizing its environmental impact by reducing plastic waste. This policy outlines the guidelines and actions to achieve this goal.

To achieve the purpose stated above, the following actions will be taken:

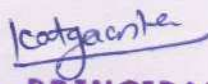

1. **Campus-wide Assessment:** Conduct a comprehensive assessment of current plastic usage on campus to identify areas where plastic reduction efforts can be implemented.
2. **Reduce:** No human being shall carry plastic bottles or glasses or disposable plastic, carry bags in the college campus.
3. **Replace:** Our institute will use ecofriendly or recyclable paper plates in case if beverages are served in campus on any occasion. Water will be served at the designated drinking water cooler facility been made by using non plastic glass that has been provided.
4. **Camps display:** Sign board are positioned and fixed in the visible proximity to remind everyone about not using plastic on daily basis.
5. **Awareness Campaigns:** our institute will organize awareness campaigns, seminars, and workshops to educate the college community about the negative impact of plastic pollution and the benefits of reducing plastic use.
6. **Monitoring:** The institute shall regularly assess the progress of this policy's implementation through periodic assessment.

Compliance: All students, faculty, staff, and visitors are expected to comply with this policy. Non-compliance may result in appropriate disciplinary actions.

Review and Revision: This policy will be reviewed annually and revised as necessary to reflect changing circumstances, technological advancements, and best practices in plastic reduction.

Effective Date: This policy will become effective on 01-03-2023.

Conclusion: By implementing this Plastic Free Campus Policy, Shri Siddheshwar Shikshan Mandal's College of Architecture, Solapur demonstrates its commitment to environmental sustainability and the well-being of future generations. Together, we can reduce plastic waste and contribute to a cleaner, healthier planet.

Policy on Vehicular pollution control in the campus

1.Purpose

2.Scope

This policy applies to all vehicles operated within the campus premises.

3. Policy Statement

a. Emissions Standards

All vehicles operated within the campus must comply with local, state, and federal emissions standards. The institution shall regularly inspect vehicles to ensure compliance with emissions standards. Non-compliant vehicles may be subject to restrictions on campus access.

b. Vehicle Types

The institution encourages the use of bicycles, electric or hybrid vehicles.

c. Parking Regulations

Designated parking areas will be established for bicycles, electric and hybrid vehicles.

d. Education and Awareness

The institution shall implement educational programs to promote awareness about vehicular pollution control and its impact on the environment and conduct workshops and seminars on sustainable transportation choices for the campus community.

e. Enforcement and Penalties

Violations of this policy may result in warnings or restrictions on campus vehicle access.

4. Compliance

All members of the campus community, including faculty, staff, students, and visitors, are expected to adhere to this policy. Compliance is essential for the successful implementation of our vehicular pollution control initiatives.

5.Conclusion

Shri Siddheshwar Shikshan Mandal's College of Architecture, Solapur is committed to reducing vehicular pollution within our campus, contributing to a cleaner and healthier environment. We encourage all members of our community to support and uphold this policy.

Policy on Energy Usage

(w.e.f = 01-03-2023)

1. Purpose

The purpose of this energy usage policy is to establish guidelines and procedures for the efficient and sustainable use of energy resources within Shri Siddheshwar Sikshan Mandal's college of Architecture, Solapur. This policy aims to reduce energy consumption, minimize environmental impact, and promote a culture of energy conservation throughout the institution.

2. Scope

This policy applies to all employees, students, contractors, and visitors on the premises of Shri Siddheshwar Sikshan Mandal's college of Architecture, Solapur. It covers all facilities, equipment, and operations owned or operated by the institution.

3. Policy Statement

Shri Siddheshwar Sikshan Mandal's college of Architecture, Solapur is committed to responsible energy management and conservation. We recognize that energy efficiency and sustainability are essential for reducing our environmental footprint and ensuring a sustainable future. To achieve these goals, we commit to the following principles:

3.1 Energy Efficiency:

- All energy-consuming systems, equipment, and infrastructure shall be designed, operated, and maintained for maximum energy efficiency.
- Regular energy audits and assessments shall be conducted to identify opportunities for energy savings and improvements.

3.2 Renewable Energy:

- We will explore renewable energy sources such as solar, wind, and geothermal to reduce our reliance on fossil fuels.
- When feasible, we will implement on-site renewable energy generation systems.

3.3 Conservation Practices:

- All members of the institution are encouraged to take personal responsibility for conserving energy by turning off lights, appliances, and equipment when not in use.

3.4 Procurement:

- Energy-efficient equipment and appliances will be prioritized in procurement decisions.
- All new construction and renovation projects will adhere to energy-efficient building standards and practices.

3.5 Education and Training:

- Training and awareness programs on energy conservation will be provided to employees and students.
- Energy-saving tips and guidelines will be communicated regularly.

3.6 Monitoring and Reporting: Regular monitoring and reporting of energy usage and conservation efforts will be conducted.

3.7 Compliance:

- Non-compliance with this policy may result in disciplinary action in accordance with applicable institutional policies.

4. Review and Revision

This policy will be reviewed periodically to ensure its effectiveness and relevance. Amendments may be made to align with changing energy goals and industry best practices.

5. Implementation

The successful implementation of this policy relies on the collaboration and commitment of all members of Shri Siddheshwar Sikshan Mandal's college of Architecture, Solapur. Energy conservation is everyone's responsibility, and we encourage active participation in achieving our energy goals.

6. Contact Information

For questions, suggestions, or reporting of energy-related concerns, please contact Ar. Niranjana V Sangawar (Associate Professor), Mob: 9860183931.

By establishing and adhering to this energy usage policy, Shri Siddheshwar Sikshan Mandal's college of Architecture, Solapur aims to make significant strides in reducing energy consumption and contributing to a more sustainable future.
