VISION

**“To be a center of excellence in architectural education,
fostering creativity, technical proficiency
and sustainable solutions to shape future architects
who contribute meaningfully to society.”**

MISSION

- 1. Innovative Learning:**
Provide a dynamic curriculum integrating traditional and modern architectural practices.
- 2. Sustainable Practices:**
Instill awareness of sustainable, eco-friendly, and resilient design solutions.
- 3. Industry Exposure:**
Bridge academia and industry through site visits, expert lectures, and live projects.
- 4. Technical Proficiency:**
Develop hands-on skills in construction technology, material application, and digital tools.
- 5. Social Responsibility:**
Encourage community-driven design thinking and problem-solving.

Siddheshwar Shikshan Mandal's College of Architecture (Diploma), Solapur.

GOALS

Short-Term Goals (1-3 Years)

1. Curriculum Enhancement & Practical Learning

- Ensure hands-on training in brick masonry, plumbing, carpentry, and electrical services.
- Organize model-making workshops using clay, wood, and paper.
- Introduce basic drafting software (AutoCAD, SketchUp, Revit - student versions).

2. Industry Exposure & Site Learning

- Conduct at least two industrial/site visits per semester (e.g., construction sites, material factories, or live projects).
- Arrange guest lectures from local architects, site engineers, and contractors.
- Make market surveys of construction materials a part of coursework.

3. Student Engagement & Skill Development

- Form a Design Club where students work on small-scale design challenges.
- Encourage participation in local architecture competitions or model exhibitions.
- Introduce soft skills & communication training in the language lab for professional growth.

4. Basic Sustainable Initiatives

- Implement waste material reuse projects for design models.
- Organize green building awareness sessions.
- Introduce rainwater harvesting models in practical coursework.

5. Strengthen Faculty & Teaching-Learning Process

- Arrange faculty training on digital tools used in diploma-level architecture.
- Develop standardized teaching materials, rubrics, and model question papers.

Long-Term Goals (5+ Years)

1. Accreditation & Recognition

- Work towards approvals and accreditations.
- Establish a recognized identity in the region for diploma-level architectural education.

2. Infrastructure & Facilities Development

- Set up a small-scale construction yard for practical experiments.
- Develop a digital learning lab with architecture-related software.
- Expand the model-making workshop with advanced tools and materials.

3. Industry & Alumni Network Development

- Create a database of alumni and maintain professional connections.
- Establish a MoU (Memorandum of Understanding) with local construction firms
- for internships. Organize an annual industry interaction event for diploma students.

4. Community-Centered Learning

- Encourage students to take up live small-scale projects such as designing local bus stops, signage, or community spaces.
- Conduct documentation of local heritage structures.

5. Enhancing Placement & Higher Education Prospects

- Offer career guidance for students to pursue higher education (B. Arch, interior design, or construction management).
- Improve tie-ups with architectural firms for better job placements
